MATH 10B SYLLABUS REVIEW

(1) How many homework assignments are dropped?

(2) How many weeks of full discussion attendance is needed to receive 3 % extra credit?

(3) What day of the week are midterms 1 and 2?

(4) Where are midterms held?

(5) Which chapters of the textbook "Discrete Mathematics" will be covered?

(6) When and where is homework due?

(7) If you miss a midterm, is it likely to qualify for an incomplete?

(8) Which version of the statistics textbook will be used?

(9) Is homework graded on accuracy or completion?

(10) If a student received 50/60 on the first midterm, 45/60 on the second midterm, and 105/120 on the final, which midterm score is replaced, if any?
